Nice Player's Tobacco Set

Here's fairly recent set from Player's tobacco. It's made up of three 40-strike covers by Eddy Match, Canada. Shown here are all three covers. plus the inside that is on all three.

John Bachochin, OK, sent this to me as part of a trade. It will make a nice addition to to my Tobaccocollection.

Player's, by the way, has put out significant number covers over the years, almost all Canadian and foreign 30s, 40s, and boxes.
