

## San Francisco Fisherman's Wharf Set

Here's a nice little set from San Francisco's Fisherman's Wharf that I had never seen before. It's from Monarch Match Company, and I would guess that it came out in the 1960's. All six covers are about Alcatraz.

I'm assuming that the set is comprised of the six covers shown here...simply because those are all that I have!

Here are the six cover themes:

If anyone has more than these six, please let me know.

1. Alcatraz Island
2. Food here is delicious
3. Having Wonderful time—wish your were here!
4. Sight seeing no end
5. Chartered trips
6. Some big ones here too!
