- Sunshine State MC (1958-1979)
- Trans Canada MC (1962-present)
- Tri-State Cardinal MC (1983-present)
- Windy City MC (1985-present)
- Wolverine MC (1994-2003)

Figures were based on December 2011. Well, after the math is all said and done, the average life span of a regional club comes to...31 years!

Of course, that figure is not actually definitive, because I don't have dates for the following clubs, and so was unable to include them in the calculations:

- California MC (1975-?)
- Carolinas MC (?-1988)
- Golden Gate MC (1951-?)
- Great Lakes MC (1961-?)
- Horseshoe Curve MC (1968-?)
- Lone Star MC (?-1957)
- Mid-West MC (1962-?)
- Missouri Matchcover Association (1978-?)
- Mountain State MC (1951-?)
- National Capitol MC (1976-?) (Canada)
- Ohio MC (1961-?)
- Redwood Empire MC (1954-?)
- San Antonio Phillumensist Society (1982-?)
- South Eastern Wisconsin MC (1964-?)
- Western Reserve MC (1966-?)

If anyone can provide me with definitive dates for these clubs, I would certainly appreciate hearing from you. It's all part of the history of our hobby...and it's a part that we're currently missing!

*Thanks, Mike*
