

County National Bank Angels Sets

There are a number of Sports sets that have been issued by Banks and Savings & Loans, but two of the nicest are those issued by Orange, California's County National Bank, featuring the California Angels.

Issued in 1965 and 1966, both sets consist of 15 FS Universal 20-strikes with black and white photos of the players on the back panels and a few pertinent stats on the inside. Although both sets have the same players, the 1965 set gives the players' positions in 1964, and the 1966 set give the players' positions in 1965, so you can easily tell the two sets apart.

I'm no great sports fan [*I have these covers with my Bank collection*], but I would assume the "premier" cover in both of these sets would be the Jim Piersall cover.

The 1966 set may be somewhat harder to obtain, judging by my own experience. I have the 1965 set, but only three from the 1966 set. Anyone have any dupes to trade?
