## Maids in Baltimore

Girlies are always popular, and the Maids in Baltimore sets are some of the earlier issues in the category.

Specifically, these are 8 Girlie sets issued by Diamond (#1,3,6) and Universal (#2,4,5,7,8), basically in the 1950s. Although the set issues are known (and listed by the Girlie Club), just how many individual sets with different advertisers there are is anyone's guess.

Not as easy to acquire as more recent issues, the Maids in Baltimore covers are sought after for their age, attractiveness, and...because they're Girlies! I certainly wish I had more!
