

Chiclets Series

This is the original Golden Orange bulletin listing [No. 76, May 1984]—“In the 1940’s Chiclets Peppermint Candy Coated Gum put out a series of matchcovers which were supposed to be given out while the airplanes were in flight. All except one are regular size. West Coast Airlines is a 30-stick. All have a picture of a box of gum with ‘Adams Chiclets Peppermint Candy Coated Gum’ on the back side. All except two are Lion Manumark. Northwest Airlines is a Diamond & the very last one listed is a D.D. BEAN & SON CO.”

Ed. This is a rather odd series, since there’s a Diamond cover in with all of the otherwise Lion covers; and then there’s the one 30-strike amidst all of the otherwise 20-strikes.
