

Get On the Ball!

Bowling has a long and rich history, and today it is one of the most popular sports in the world. A British anthropologist, Sir Flinders Petrie, discovered in the 1930's a collection of objects in a child's grave in Egypt that appeared to him to be used for a crude form of bowling. If he was correct, then bowling traces its ancestry all the way back to 3200 BC.

Today, the sport of bowling is enjoyed by 95 million people in more than 90 countries worldwide. Under the auspices of the Federation Nationale des Quilleurs (FIQ), bowling's top athletes regularly compete in Olympic Zone and worldwide competitions. While there are few Fancies to be seen in this category, there are lots of nice series with stock graphics.

Kathie Williman, MD, had a whopping 5,439 Bowling covers as of October 2013.
