2013 German Christmas Box Set

Here are 3 household boxes, specially issued for Christmas. They were sold by Aldi in Germany. The boxes, however, were actually manufactured in China.

Our European correspondent, Hans Everink, reports that this is the first time he has seen this type of box made in China.

A very nice Christmas box set, and a nice addition to your Christmas or Sets collection, but, coming from Europe, I would guess that's it would be fairly difficult to get a hold of it. And that gives me an opportunity to remind readers again that if you're looking for European traders, you can easily find such contacts just by going to the Collectors On-Line page of the RMS web site. That page lists collectors from all over the world....and if you happen to get an extra set of these particular boxes..send 'em my way!
